

NATO Warns Russia to Halt German Attack

By ARTHUR GAVSHON

ISTANBUL, Turkey (AP) — The North Atlantic Alliance today warned the Soviet Union to stop its attacks on West Germany and other individual members of the alliance.

Otherwise, said the 15 NATO powers, there can be no peaceful coexistence between them and the Communist world.

A final communique from the meeting of the North Atlantic Council of Foreign Ministers said the Soviet Union's propaganda efforts to discredit West Germany and other NATO allies threaten the alliance as a whole and are inconsistent with a real improvement of international relations.

Speaking only 12 days before the Paris summit meeting in Paris, the 15-nation alliance said it "cannot be satisfied with 'peaceful coexistence' under cover of which attacks continue to be made on individual members."

The council, which had been meeting in Istanbul since Monday, said it welcomes the Big Four summit parley and hopes the negotiations will lead to an improvement of international relations.

But maintenance of the unity and strength of the alliance is a condition of progress toward this end, the communique added.

Turning to specific issues to be discussed at the summit, the council:

Reaffirmed that a final German settlement can only be found in reunification of West and East Germany on the basis of self-determination, and

Recalled the NATO declaration of December 1958 spelling out the Allied determination to protect the freedom of the people of West Berlin. That declaration was issued a month after Soviet Premier Nikita Khrushchev's first demand that Allied troops quit West Berlin within six months.

Dollarway Plaintiffs File Appeal

LITTLE ROCK (AP) — A Negro attorney for plaintiffs in the Dollarway school case filed notice of appeal today from a federal judge's approval of a desegregation plan.

George Howard of Pine Bluff submitted the notice to the U.S. District clerk's office here.

Howard represents three Negro teenagers seeking to integrate the all-white Dollarway School near Pine Bluff. Last week, Federal Judge J. Smith Henley of Little Rock approved a plan submitted by Dollarway school authorities.

The plan said Dollarway officials would consider the desires of Negro parents in assigning students to lower grades. Registration of students for the fall term is scheduled Thursday at two all-white schools and one Negro school in the Dollarway district.

In the plan it submitted to Henley, the Dollarway School Board said it opposed lateral transfers of students from one school to another. The three Negro plaintiffs in the integration case now attend Townsend Park School for Negroes in the Dollarway District.

Last Feb. 19, Henley ruled the three Negroes could not transfer to an all-white school this term. This action was appealed to the U.S. Eighth Circuit Court of Appeals at St. Louis, where it is pending.

Howard's latest move will be an appeal to the Eighth Circuit Court from Henley's decision of last week. Howard also plans to ask the appeals court to advance the Dollarway case on the docket and consolidate the latest appeal with earlier litigation.

Warren faces five other charges alleging various forms of official misconduct.

Payola Probe Ends, Clark Is Lashed

By JOHN H. AVERILL

WASHINGTON (AP) — House investigators have closed the books on their marathon payola inquiry with a new blast at broadcasting standards and a promise to do something about them.

The parting shot was a congressional report that payola has been a lavish practice affecting the TV-radio industry in all parts of the nation.

The report was coupled with a new barrage at Dick Clark, the disc jockey king, and complaints that television is riddled with trash, inept programming and too much commercializing.

President Leonard H. Goldenson of the American Broadcasting Co. conceded the industry has its problems. But he said things are improving and that next fall will bring more quality programs than ever before.

Goldenson was one of the final witnesses as the House Legislative Oversight Subcommittee concluded hearings late Tuesday on the payola inquiry that began last November.

Chairman Oren Harris (D-Ark) predicted action within the next few days on remedial legislation. The subcommittee's parent House Commerce Committee, of which Harris also is chairman, now has before it bills to outlaw deception in broadcasting imposed stringency on payola and license TV-radio networks. Only individual stations now are censured.

Before adjourning the hearings, Harris introduced a report that 130 record distributors across the nation doled out \$264,244 in payola in 1958-59.

This information was compiled by subcommittee investigators from questionnaires sent to 230 distributors in 23 cities.

The subcommittee also put in its record an analytical study of the records played on Clark's matinee TV show, "American Bandstand."

The study said Clark "pushed songs in which he had an interest."

Clark had testified he selected records for his show strictly on merit.

Cemetery Refuses Ashes of Chessman

SAN RAFAEL, Calif. (AP) — Caryl Chessman's ashes remained at a mortuary here today, the object of a controversy over their disposition.

The convict-author who was executed Monday had directed that his ashes be inurned at Glendale's Forest Lawn Memorial Park in Southern California. His mother is buried there.

But a Forest Lawn spokesman, noting that Chessman was "unrepentant and an avowed agnostic," said Tuesday night the ashes would be refused. He said they would "detract from the spiritual values of Forest Lawn."

One of Chessman's attorneys, L. A. Wirin, said in Los Angeles he would recommend to Rosalie Asher, executrix of the convict's estate and also his lawyer, that a court order be requested requiring Forest Lawn to accept the remains.

Miss Asher went into seclusion after failure of her last frantic efforts to obtain a stay of execution. She was not present at the cremation at Tamalpais Cemetery. There was no religious service.

George T. Davis, another of the convict's attorneys, said the execution of the death row author, who was convicted as the Los Angeles red light bandit 12 years ago, was "a regrettable mistake."

Indiana Gives Nixon Vote Over Kennedy

By THE ASSOCIATED PRESS

Mounting returns from Indiana today gave Vice President Richard M. Nixon a two-way boost in his drive for the presidency—a clear-cut popularity victory over Sen. John F. Kennedy and a bigger vote than President Eisenhower rolled up in the 1956 primary.

Nixon's triumph was the most decisive scored in Tuesday's party votes.

With 3,855 of the 4,261 Indiana precincts reported, Nixon had 375,166 in the Republican count and Kennedy 303,186 on the Democratic side. That pushed Nixon past the 351,913 Eisenhower got four years ago. Kennedy, however, was well ahead of the 242,842 Sen. Estes Kefauver of Tennessee got in Indiana's 1950 Democratic voting, and Kennedy backers took comfort from that.

But, as votes seeped in from Tuesday's balloting, other presidential candidates counted victories, too.

Sen. Hubert H. Humphrey of Minnesota won his first Democratic primary in the light-voting District of Columbia. As expected, Kennedy won all Ohio's delegates to the Democratic National Convention. Nixon apparently took all the Republican delegates in that state.

In two nonpresidential primaries, the results focused on issues as well as personalities.

States' Rights candidates led Loyalist candidates in Alabama's primary for Democratic presidential electors. In Floridian a States' Rights man and a racial moderate won the right to enter the Democratic runoff for governor.

In Indiana, Nixon piled up a huge Republican popular vote, outpolling Kennedy's Democratic vote by a good margin.

The state is traditionally Republican, but Kennedy had campaigned hard and had predicted he would outpoll Nixon.

The two candidates were on separate ballots. Each had what political observers earlier described as minor opposition. But that opposition took heavy chunks from Kennedy's vote.

With returns from 3,665 of the state's 4,261 precincts, Nixon had 359,503 votes and Kennedy had 286,988 votes.

This gave Nixon Indiana's 32 votes on the first ballot at the Republican National Convention and Kennedy its 34 votes on the first ballot at the Democratic convention.

Kennedy's opponents, Lar Daly of Chicago and John H. Latham of Rockville, Ind., polled almost one quarter as many votes as the senator. Daly campaigned in an Uncle Sam suit on an "America First" platform and Latham called for the end of political conventions.

Republican National Chairman Thurston B. Morton called Nixon's vote a "tremendous upset victory." Kennedy supporters, however, said their man had shown he could win the state in the November election.

In the District of Columbia, Humphrey had a decisive edge over Sen. Wayne Morse of Oregon in the Democratic presidential preference vote.

With 100 of 142 Democratic ballots recorded, Humphrey had 4,905 votes and Morse had 2,823 votes.

The eight purposes of the FIA were said as the candles were lighted by Elizabeth Smith, Barbara Barrang, Paulette Stewart, Linda Aaron, Naomi Sinclair, Myra Cox, Violet Tonnemaker and Shirley Allen. The new officers took their oath of office and instructions from the president who relinquished the gavel to the new president.

A discussion, presided over by the new president, Janet Roberts, was held and members were asked for ways to improve the organization.

Verdict for Tobacco Firm Is Ordered

PITTSBURGH (AP) — A federal judge today directed a jury to return a verdict in favor of Liggett & Myers Tobacco Co. in the cigarette lung cancer civil trial in U.S. District Court.

Judge John L. Miller issued the directive after 20 days of testimony. Counsel for the plaintiff said he would appeal the ruling to the U.S. District Court of Appeals.

Attorneys for Liggett & Myers Tobacco Co. rested their case Tuesday after testimony from Dr. Leo Henry Garland, an X-ray specialist and member of the Stanford University Medical School faculty.

Olaf Pritchard, 61, of Pittsburgh claims he contracted lung cancer from smoking the firm's Chesterfield cigarettes for many years. His cancerous right lung was removed in 1953. Pritchard seeks \$4 million dollars in damages.

Dr. Garland testified that three types of scientific evidence—experimental, clinical and statistical—have failed to link down any link between cigarette smoking and lung cancer.

Ike Signs a Food Pact With India

WASHINGTON (AP) — President Eisenhower today signed a huge "food for peace" agreement to supply India with 17 million tons of surplus grain—the largest deal of its kind in history.

The agreement calls for the United States to sell India 587 million bushels of wheat and 22 million bags of rice during the next four years starting July 1.

India will pay the equivalent of \$1,300,000,000 in rupees for the grain. Most of the money will be loaned back to India for its economic program.

"We are fortunate in having this means of sharing our abundance," Eisenhower said.

"The food that we make available under our special programs today will be reflected in India's accelerated progress tomorrow," he said.

"This is what we mean by 'food for peace.'"

Under the agreement, India for the first time will be able to accumulate a reserve stock of four million tons of wheat and a million tons of rice by 1964 for emergency use.

The agreement calls for delivery of three million tons of wheat for immediate consumption and a million tons for reserves in each of the four years. All of the rice will be for emergency stocks.

Would Curb Use of Union Money

WASHINGTON (AP) — Sen. Barry Goldwater (R-Ariz.) today proposed that Congress curb the political power of labor unions by permitting only individuals to make political contributions.

The use of union members' dues to support candidates picked by labor leaders "seriously compromises American Freedom," Goldwater said in a speech prepared for the United States Chamber of Commerce.

The Corrupt Practices Act forbids such activity in theory, the senator said, but the unions have circumvented it by setting up educational affiliates to handle the money while "Congress and the courts have looked the other way."

"The only remedy it appears, is new legislation," the Republican told delegates to the chambers 48th annual meeting.

Another speaker on the program—an anti-communist devoted to "Union Power in a Free Society"—said the Landrum-Griffin law passed last year has not accomplished any correction of abuses in the labor movement.

Sylvester J. Petro, law professor at New York University said the legislation has "merely increased the federal bureaucracy and created even more special privileges."

Ike Proposes Federal-State Medical Plan

WASHINGTON (AP) — The Eisenhower administration today proposed a \$1,200,000,000 annual federal-state medical care program for the lower-income aged. Participants would pay \$24 a year or coverage.

Married couples with an annual income above \$3,000 would not be eligible for the program; or single persons with more than \$2,500 in income.

Secretary of Welfare Arthur S. Flemming outlined the administration plan to the House Ways and Means Committee which is considering a variety of proposals for health programs for the aged.

"We have developed a program that is designed to achieve just one objective—namely, to provide approximately 1/2 million persons 65 and over who have limited resources with the opportunity of taking steps which, if taken, will enable them to cope with the heavy economic burden of long-term or other expensive illnesses," he told the committee.

"The plan contemplates that the states would work out detailed programs. A state could, for instance, provide for the health care through a private insurance company, or could run its own program."

"The over-all costs would be split 50-50 between the federal government and the states."

Flemming expressed belief it would take perhaps two years to get the proposed program into full operation.

He said the cost during the fiscal year beginning July 1 to make ready for the program would be about five million dollars. That would include funds for grants to states to help them develop the plans they would administer.

The secretary estimated the 1961-62 cost would run in the neighborhood of 400 million dollars, half each federal and state, but said there are many factors which could influence the actual cost in that year.

"The estimate of ultimate annual cost of \$1,200,000,000 with the federal share being 600 million, is based on the assumption that all states participate and that 80 percent of those who are eligible enroll for the program."

Methodists Seek Return to Tradition

By GEORGE W. CORNELL
Associated Press Religion Writer
DENVER, Colo. (AP) — A re-
turn to more traditional forms of
worship, with set prayers and
liturgies for various occasions,
was recommended today to Meth-
odist churches.

The move at the denomina-
tion's quadrennial General Con-
ference, points up a trend in
Methodism to recapture aspects
of ancient ritual thrown out in
early-day America.

"Returns to historical forms
are being recommended where
the reasons for past changes
seemed insufficient," said a re-
port by a commission on worship,
headed by Bishop Edwin E.
Voight of Aberdeen, S.D.

A 253-page Book of Worship, in-
cluding rites for worship, chap-
lain, confirmation, Holy Com-
munion, marriage, burial and
special prayers for days of the
traditional Christian calendar,
was presented for trial use in
churches.

In many respects, the services
resemble those of the Episcopal
Church more closely than has
been customary in Methodism,
which is an offshoot from the

Episcopal, or Church of England.

The book was offered for ex-
perimental use during the coming
four years, without being subject
to formal adoption until the next
General Conference in 1964.

ment Monday night as the con-
ference rang down the curtain on
its drawn-out struggle over racial
policy and lightening up church

Politics Cry Demos About Message

WASHINGTON (AP) — Con-
gressional Democrats cried "politics"
today at President Eisenhower's
special message lecturing them to
put aside partisanship and enact
his legislative program.

House Speaker Sam Rayburn
(D-Tex.) said: "This speech—it's
called a message, but I call it a
speech—seems to be the Republi-
can platform."

Senate Democratic Leader Lyndon
B. Johnson of Texas said he
agreed with Eisenhower's state-
ment "that none of us can afford
to 'electioneer at the expense of
matters vital to the nation's econ-
omy and security.'"

"I am somewhat surprised that

the point should even be raised."

Republicans had general ap-
plause. Senate GOP Leader Ever-
ett M. Dirksen of Illinois called
it "factual" and "an earnest ap-
peal for a cooperative effort."

Rep. Otto E. Passman (D-La.)
told the House that apparently the
President considers any spending
except "foreign aid" spending
"wasteful."

Rep. Joe L. Evans (D-Tenn.) said
Eisenhower was inconsistent when
he called for curtailed spending in
the Chamber of Commerce speech
and then deplored any cuts in for-
eign aid appropriations.

WASHINGTON (AP) — The Agri-
culture Department's price sup-
port rates for the 1960 cotton crop
will carry a 3.45 per cent. pound

the grade cotton used by markets
—milling one inch.

ton and 26.43 cents for choice "B".

choice A and 21.14 cents for choice
B had been announced previously
on the basic grade set up by law
for the support program, middling

DOROTHY DIX

Cinderella Speak Up!

Dear Dorothy Dix: My parents are divorced. My father is supposed to support his kids but doesn't. Mom works. When she gets home she expects us to have the house sible and supper almost ready and our clothes changed. My older sister never lifts a finger and goes out every night. The younger kids are at play. Mom never speaks in a normal voice and has to take cough medicine. If she would only realize I am gone all day too and shouldn't do everything without help, I'm a nervous wreck and plan to leave as soon as I'm of age. Can you give me some help till then? — 1960's Cinderella

Dear Cinderella: The Lord helps those who help themselves. You will be put upon as long as you acquiesce. Speak up — not in anger but in defense of your rights. Quote the Declaration of Independence to your family, particularly that portion which says, "We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain inalienable rights, that among these are Life, Liberty and the Pursuit of Happiness."

Dear Dorothy Dix: We moved. Our new neighbors won't give us a moment's peace. They return from work, get dinner, feed their two pre-school children and are on our doorstep. They don't bother the other neighbors.

I take great pride in my home and possessions. These youngsters tear my house upside down, get

Pierce Leads White Sox Into First Place

By ED WILKS
Associated Press Sports Writer

Figure Billy Pierce as one of the little guys who make the Chicago White Sox big.

While the rest of their starting pitchers have stumbled, contributing just one victory and one complete game, Pierce has the defending champs all by themselves in the American League lead after beating Baltimore 5-3 Monday night for his second complete game victory.

Washington tripped Cleveland out of a tie for first with a 7-6 decision that ended the Indians' winning streak at five and dropped the Tribe to third place. The New York Yankees took over in second, a half-game behind Chicago, by walling Detroit 0-3. It was the Tigers' seventh consecutive loss. Boston defeated Kansas City 4-3 in 10 innings.

In the National League, Cincinnati made it two straight over Los Angeles 5-3 and Philadelphia defeated the Chicago Cubs 10-9. The only other game scheduled, Milwaukee at San Francisco, was rained out.

Pierce (2-1), bidding for a comeback as a 20-game winner after 17-11 and 14-15 records the past two seasons, allowed 10 hits, but struck out six and didn't walk a man while beating the Orioles for the 20th time in 26 career decisions. The stubby southpaw had a 4-0 lead before two singles and Brooks Robinson's sacrifice fly junked his shutout in the fourth. He shut the door after Ron Hansen hammered his first major league home run in the fifth inning.

A pop fly by Lenny Green fell for a single in right field and won it in the ninth for the Senators. It followed a single by Earl Bailey and a bunt by Don Mincher. The Indians, down 4-0 in the first inning, had battled back behind Tito Francona, who drove in three runs and scored another—Tying it 4-4 in the ninth with his second double. Jack Kralick (2-0) won it and Bobby Tiefenauer (0-1) lost to both in relief.

The Tigers, who won their first five games and haven't won since, blew a 2-0 lead. Bill Skovron's fifth home run tied it in the fourth, and three fifth-inning runs driven in by singles from winning reliever Art Ditmar (1-0), Gil McDougald and Roger Maris then hung the defeat on Don Moss (10-2). Maris and pinch-hitter Kent Hadley also homered for the Yanks.

The Red Sox, held to a tie when the A's scored an unearned run in the eighth, handed Kansas City a fifth straight loss on an error by Norm Siebern in the 10th. The tie-breaker came in on a wild throw on Pete Runnels' bunt after a leadoff double by Don Buddin. Bill Monbouquette (2-2), won it with three innings of two-hit, shut-out relief. Bud Daley (1-2) was the loser.

Collins Comes Through to Beat Palmer

By HAROLD V. RATLIFF

HOUSTON, Tex. (AP)—Big Bill Collins has a deep affection for the 237-yard par 3 No. 7 hole at Memorial Park Golf course—he figures it won him the \$35,000 Houston Classic tournament.

He had to beat the man setting the season's money-winning pace—Masters champion Arnold Palmer—in a playoff to do it.

They were going through their 18-hole playoff for the \$5,300 first place Tuesday and Collins was two strokes behind. It was the first time during the tournament that the big blond from Crystal River, Fla., by way of Baltimore, had been in arrears. He had been tied several times, then tied for first place with Palmer at the end of 72 holes, each with a 220 total.
